

SP03004 EXCLUSIVE CREEP

Registration number: V22338

COMPOSITION

NUTRIENT	SPECIFICATION	UNIT
Protein (Min)	180	g/kg
Lysine (Min)	12.0	g/kg
Methionine (Min)	4.5	g/kg
Moisture (Max)	120	g/kg
Fat (Min)	25	g/kg
Fibre (Max)	40	g/kg
Calcium (Min – Max)	7.0 - 9.0	g/kg
Phosphorus (Min)	5.0	g/kg
Salt (Max)	5.0	g/kg

CLASS: Complete Piglet Creep Feed

PRODUCT DESCRIPTION:

A complete meal or pelleted creep feed specifically developed to meet the nutrient requirements of piglets under the sow and immediately after weaning. Attention has been paid to gut health by using highly digestible raw materials and products which support gut health. Feed intake is encouraged by the inclusion of products to improve the taste and the smell of the feed.

INGREDIENTS:

Grain products, processed grain by-products, plant protein products, animal protein products, oils & fats, vitamins, minerals & antioxidants, enzymes, processed sugar products, zootechnical additives. This feed may contain GMO raw materials.

FEEDING INSTRUCTIONS:

Feeding creep feed before weaning stimulates the intake of feed after weaning, which results in healthier piglets.

Feed 300 - 500g per piglet in the farrowing house. Regularly feed small amounts from 5 days of age while still under the sow until 14 - 21 days after weaning. Feed a total of 7kg per pig from 5 days of age to 3 weeks after weaning.

There should be sufficient feeder space per pig. Feeders must always be kept clean, and water must be always available.

PACKAGING

Available in 50 kg bags.
