CLASS: Complete Piglet Weaner Feed

PRODUCT DESCRIPTION:

A complete mash or pelleted weaner feed specifically developed to meet the nutrient requirements of young pigs to ensure a smooth transition after the creep phase and into the grower phase. Attention has been paid to gut health by using highly digestible raw materials and products which support gut health. Feed intake is encouraged by the inclusion of products to improve the taste and the smell of the feed.

INGREDIENTS:

Grain products, processed grain by-products, plant protein products, animal protein products, oils & fats, vitamins, minerals & antioxidants, enzymes, processed sugar products, zootechnical additives. This feed may contain GMO raw materials.

FEEDING INSTRUCTIONS:

Feed *ad libitum* after weaning from 35 – 42 days of age. Phase in by blending with the creep diet over 3 – 5 days. Feed until 70 days of age.

There should be sufficient feeder space per pig. Feeders must always be kept clean, and water must be always available.

PACKAGING

Available in 50 kg bags or in bulk loads.
